### Lonas Normales Normal Coating

Las lonas de diseño para toldo Copentek aumentan su repelencia al agua sin perder transpirabilidad.

Todas nuestras lonas llevan impregnado un acabado que les otorga una gran resistencia a las manchas, incrementa la estabilidad del color y alarga la vida de la lona.

*Copentek awning design fabrics have greater water repellence without losing their breathable characteristics. All our fabrics have an impregnated finish that gives them great resistance to stains, increases the colour stability and lengthens the life of the fabric.*

### Lonas Resinadas Resined Coating

El acabado especial resinado confiere a la lona unas cualidades y una resistencia superior a 1000 mm.

Su amplia gama de color la convierte en una lona ideal cuando se necesitan excelentes resultados frente al agua.

*The special coated finish gives the fabric a series of properties and a water column over 1000 mm.*

*Its wide colour range makes it the perfect fabric for providing excellent results against water.*
